GENERAL INFORMATION

Program Name	Nursing
Brief History of the Program	The nursing department was established in the 2012-2013 academic year to train "Nurses". There is no preparatory program and evening education. Graduates of the program can work as nurses in public and private inpatient / inpatient treatment institutions affiliated to the Ministry of Health, private hospitals, nursing homes, schools and workplaces. They can be appointed as Nurses according to the Public Personnel Selection Exam (KPSS).
Purpose of the Program	The aim of the undergraduate program in nursing is to train professional professionals who understand the values and behaviors of human beings, determine the needs of healthy or sick individuals and provide health care in line with these needs. Nursing education provided for this purpose is in line with international standards, national laws, regulations and requirements; Scientific problem solving is conducted on the basis of continuous research and learning. In this context, a nurse is a person who sees the individual as a whole with its biopsychosocial and spiritual dimensions and uses the nursing process, which is a scientific problem-solving system, in the solution of both existing and potential health problems.
Head of Department	Assoc. Prof. Dr. Dön ŞANLITÜRK dou.tuna@gopa.edu.tr Domestic: 5125
Faculty Secretary	Keramettin Sahin keramettin.sahin@gop.edu.tr Domestic: 5180
Graduation Requirements	Successfully completing all of the courses available in the program (for a total of 240 ECTS) and having a weighted GPA of at least 60 out of 100 is the qualification requirement for graduation.
Assessment and Evaluation	Students are subject to the provisions of Gaziosmanpaşa University Associate Degree and Undergraduate Education and Examination Regulations . Students take at least one midterm and one final exam for each course. The student who fails as a result of the evaluation made by taking 40% of the midterm exam and 60% of the final exam is given the right to take a make-up exam. In addition, students who cannot graduate because they failed a course at the graduation stage are given the right to take a single course exam.
